## 171120 - A 4652 SK

Geïsoleerde kabelschoenen, Blister

/productimages/171120.jpg

Package type: BME á 25 pce

**PRODUCT SPECIFICATIONS:**

|  |                          |
|--|--------------------------|
| Nominal cross section (mm <sup>2</sup> )   | 2.63 - 6.64              |
| Min. AWG-size                              | 14                       |
| Max. AWG-size                              | 10                       |
| Model                                      | UL model                 |
| Sleeve form                                | Long                     |
| Suitable for solid conductors              | Yes                      |
| Suitable for stranded conductors           | Yes                      |
| Suitable for fine strand conductors        | Yes                      |
| Suitable for high temperatures (to 650 °C) | No                       |
| Suitable for insulated varnish             | No                       |
| Suitable for round conductors              | Yes                      |
| Suitable for flat conductors               | No                       |
| Material                                   | Copper                   |
| Surface protection                         | Tinned                   |
| Insulation                                 | Polyvinyl chloride (PVC) |
| Colour insulation                          | Yellow                   |
| Voltage level                              | Up to 600 V              |
| Type of connection                         | Percussion connector     |
| For pull protected connections             | No                       |
| Oil stop/centre bar                        | No                       |
| Nominal current (A)                        | 50                       |
| No   |                          |
| Max. temperature (°C)                      | 105                      |
| No   |                          |
